SIR:

Prior to a first examination on the merits, please amend the above-identified application as follows:

IN THE CLAIMS

Please cancel claims 1-10 without prejudice.

Please add new claims 11-28 as follows:

11. (New) An optical head device comprising:

a light source;

an objective lens for converging outgoing light from the light source on an optical recording medium;

a phase correcting element provided between the light source and the objective lens to change a wave front of the outgoing light, the phase correcting element including an anisotropic optical medium sandwiched between a pair of substrates, at least one of the
